SUMMARY

Motivated and detail-oriented Computer Science student with a strong foundation in data analysis, programming, and software development. Proven experience through internships and training in tools like Excel, Power BI, SQL, and Python, with additional exposure to front-end development and problem-solving in competitive programming contexts. Adept at working in team environments and passionate about continuous learning, with excellent communication and presentation skills. Actively engaged in tech communities and initiatives, demonstrating leadership and a commitment to growth in the technology field.

EDUCATION

Bachelor Degree 2022 – 2026
Faculty of Computers and Artificial Intelligence - Benha University Benha, Egypt
• GPA : 3.492 / 4.0 (Very Good)

PROFESSIONAL EXPERIENCE

Data Analysis Trainee 05/2025
Digital Egypt Pioneers (DEPI) Initiative
Gained hands-on experience in core data analysis tools and concepts including Excel, ERD, Power BI, SQL, and Analytical SQL.

Data Analyst Intern 08/2024
National Telecommunication Institute (NTI)
Focused on practical training in Python, Excel, Power BI, SQL, DAX, and statistical analysis for real-world data applications.

Problem Solving Trainee 02/2024
Google Developer Student Clubs (GDSC) – Benha University
Participated in an intensive bootcamp covering fundamental programming concepts such as data types, conditions, loops, arrays, strings, functions, and recursion.

Competitive Programming Participant 08/2023
Egyptian Collegiate Programming Contest (ECPC)
Competed as a novice in a national-level programming contest, gaining exposure to advanced algorithmic problem solving and teamwork under pressure.

SKILLS

Programming Languages
Python, SQL, R, C++, JavaScript, HTML & CSS

Data Analysis & Tools
Excel, Power BI, Tableau, Pandas, NumPy, Matplotlib, Seaborn

Frameworks / Technologies
Jupyter Notebook, Google Colab, Git, APIs

Database Management
SQL, MySQL, PostgreSQL, MongoDB

Developer Tools
Git and GitHub

Concepts
Data Cleaning, Data Visualization, Statistical Analysis, Machine Learning Basics, ETL, A/B Testing, OOP, Data Structures & Algorithms

Soft Skills
Problem Solving, Critical Thinking, Communication Skills, Presentation Skills, Team Collaboration, Time Management

CERTIFICATES

Learning Data Analytics Foundations
- *LinkedIn Learning* – Mar 16, 2025

Google Analytics Certification
- *Google Skillshop* – Oct 3, 2024

Data Analysis – Skills for the Freelance Professional
- *National Telecommunication Institute (NTI) & ITIDA* – Aug–Sep 2024
